EDUCATION

Batangas State University - The National Engineering University   **Alangilan, Batangas City**
Bachelor of Science in Computer Science   August 2019 - August 2023
- **GWA:** 1.5618
- **Dean's List:** 4th Year (SY. 2022-2023), 3rd Year (SY. 2021-2022)
- **Key Courses:** Software Quality Assurance, Machine Learning, Computer Programming, Advance Computer Programming, Software Engineering, Artificial Intelligence, Data Structures and Algorithms, Object-Oriented Programming, Database Management System, Web Systems and Technologies, Data Analysis

Saint Joseph College of Rosario Batangas Inc.   **Rosario, Batangas**
Science Technology Engineering and Mathematics   August 2017 -August 2019
- **Honors:** With Honor (Grade 11 & 12, All Semesters)

WORK EXPERIENCE

CalcMenu   **Ortigas Center, Pasig City**
QA Analyst (Software Tester Associate)   November 2023 – Present
- Conducted functional, regression, and integration testing for web applications.
- Designed and executed 100+ structured test cases for comprehensive manual testing.
- Performed smoke testing on 15+ web deployments pre-release to ensure core functionality.
- Logged 50+ defects in Nulab Backlogs with a 95% resolution rate through team collaboration.
- Maintained comprehensive test documentation, including test plans, test cases, and defect reports.
- Gain hands-on experience with Playwright to automate end-to-end testing and improve test coverage.
- Validated AI-powered SmartScan OCR, reducing manual encoding for product creation by 30%.

Arxon Solutions, LLC | Open-contribution Project (Remote)   **Roseville, California, United States**
Lead Software Quality Engineer (Volunteer)   May 2025 – Present
- Led QA efforts in manual testing strategy for a remote open-source project; contributed to test case design, defect logging, regression, and exploratory testing.
- Mentored new QA contributors and collaborated with the team to ensure stable, high-quality releases.

Department of Information and Communications Technology (DICT - R4A)   **Batangas City, Batangas**
Front-End Developer (Intern)   June 2022 – July 2022
- Developed and implemented responsive and interactive components for a centralized certification generation portal.
- Conducted quality assurance testing to identify and resolve issues before deployment.

SKILLS

Manual Testing: Functional Testing, UAT, Smoke Testing, Regression Testing, Exploratory Testing
Automation Testing Tools: Playwright (Basic), Playwright Inspector, Trace Viewer, CodeGen, Cucumber BDD, Mocha
Programming & Web Technologies: HTML, CSS, and JavaScript (Basic)
Test & Development Tools: VS Code, Postman, JIRA, ClickUp, MS Office, Google Workspace, MS Teams, Nulab Backlog
Software: MS Office, Google Workspace, Trello, MS Teams, Outlook, Nulab Backlog, JIRA
Skills: Problem-Solving, Time Management, Computer Literacy, Detail-Oriented, Communication, Team Player
Trainings & Certifications: ISTQB Foundation Level Complete Training, Playwright JS/TS Automation Testing from Scratch & Framework
